Let Us Help You Bring Your Business Online

Launch Your Online or eCommerce Business Quickly with Exclusive Packages for SMEs

Keep Your Business Open 24/7 with eCommerce

Reach the right audience anytime, anywhere and continue driving sales when you bring your offline shops online.

Enjoy exclusive package prices combined with AmBank's credit facilities and get started today.

Maxis eCommerce packages are designed to help businesses create a powerful online presence that caters to different business needs.

We provide tailored packages to help you get started - whether you want to build a basic webstore to quickly get online and drive sales or are looking for customisable web features to support future business growth.

Our end-to-end solutions include integration with payment gateways and logistics partners covering delivery across Peninsular Malaysia, East Malaysia, as well as Singapore.

Basic Webstore

Perfect for businesses aiming to reach online customers with a webstore build incorporating key eCommerce features for a smooth user experience.

Enhanced Webstore

For customisable web features and the ability to manage larger inventories as your business grows.

B2B Webstore

For organisations catering to other businesses, this solution allows you to receive and manage online bulk orders with ease.

Corporate Website

Strengthen brand awareness with a modern website designed to tell your brand story.

Cloud Hosting & Maintenance

Supporting our clients with a full end-to-end service including cloud hosting and maintenance where required.

Digital Marketing

Increase awareness and reach the right audience to drive traffic and boost online revenue.

Note: All Webstore/Website Development solutions are only offered within Klang Valley at the moment. Digital Marketing solutions are available nationwide.
