

LIAM Structured Internship Programme

FAQ:

1. About LIAM Structured Internship programme (LIAM SIP)

The LIAM SIP is a collaborative effort with Ministry of Higher Education (MOHE) and Malaysian Insurance Institute (MII) which is aimed at attracting young talents to join the life insurance industry as a career of choice. Through our collaboration with MOHE, the LIAM SIP is designed in accordance with the Talent Corp Internship Framework.

The LIAM SIP is part of the industry's contribution towards human capital development under the Insurans Hayat Cares' community platform, providing opportunities to young undergraduates to gain real-life work experience and put theories they learnt in universities into practice.

The 3-month internship experience will open the doors for students to gain insight on the life insurance industry as a global and progressive industry which provides vast career opportunities in the various divisions of the life insurance companies/reinsurance companies in Malaysia. Through this initiative, we encourage students to develop good leadership skills through the training process and hope to produce interns who are confident, creative and innovative.

Commencing September 2016, LIAM SIP is open to all final year Malaysian students of all disciplines from universities in Malaysia.

2. Objectives of LIAM SIP

- Attract young talents to join the life insurance industry and make it as a career of choice
